Attention: Pastor Dave Roever

I am a lay person which had a God given request laid on my heart to bring the Dave Roever "Message of Hope" to Central Ky. Our target was the youth, military and those who were still lost. I am pleased to report that your message was received by over 10,000 under the age of 21. We continue to hear positives from the 7 schools you and your colleagues spoke at. Time after time it is things like "The Best Speaker we have ever had at our school" or "Dave's message had very positive impact on our students", "even today the students still want to talk about the Message of Hope from Dave"

We had one report from a family that had no peace in their second marriage from the kids. After hearing Dave's message there has been a total turn around in their attitude and God's peace has entered their hearts and home.

Another report is a positive response by a handicapped student named Bruce that would communicate with his brother after Dave spoke and sang to him he is now trying to communicate with others.

There were over 800 of our great military men and woman that dedicated their lives to Christ during the Crusade and many more lives that were totally changed and enriched by the Message of Hope that you carry from God.

Dave I would like to say that my experience with working with Dave Roever Ministries has been nothing but professional and rewarding one. I did not know how I was going to go about to answer God's call. Your educated and supportive staff was there to assist in any way I requested. Your support team that travels with you are great and accommodated our requests when possible and without question.

All in All I would like to say that it was very spiritual enriching experience for me to be part of this Crusade and work with your very professional and supportive staff.

I know we used some other methods to promote the Crusade and if I can be of any help to anyone else that is considering a Crusade with the Dave Roever Ministries please do not hesitate to have them call me.
